42" Flex Insight Desk
(ADA compliant)
(38956 CHB)

Flex Insight: With convenient keyboard and mouse storage, the Flex Insight allows the reconfiguration from a lecture room to a computer lab in seconds. Clear eye contact with the instructor is possible with the monitor up and the desk has a full 19" of uninterrupted writing surface. The Flex Insight is carefully designed to prevent monitor damage when unit is raised and lowered. A large storage compartment permits monitor usage of up to 24" while an innovative monitor mount provides full movement to prevent screen glare.
(72" Double desk also available - 38957)

36" Flex Insight Desk
(Computer use)
(38955 CHB)

36" Evolution eFPM Desk
(38945 CHB)

eFPM: A whisper-quiet, electric lift smoothly brings the monitor to a manageable and ergonomic level, while well-designed cord management provides for an organized computer setting. When lectures are off-line, ample writing surface area is available with a push of a button. When lessons, tests, or instructions must be read on a monitor, the eFPM is extremely flexible to allow the instructor to maintain eye contact with students.
(72" Double desk also available - 38946)

ADA eFPM work station
(ADA compliant knee space)
(38947 CHB)

36" CLASS Desk
(38666 KP)

CLASS: The CLASS Desk has been the benchmark in classrooms and computer labs for many years. It introduced clean cord management to the computer world and has such solid construction that original desks are still in use today. Continued CLASS success proves that customers still will not settle for poorly-made furniture!
(Available in 6 widths from 30" - 72")

48" CLASS Desk
(38676 KP)

36" Evolution Desk
(38912 ID)

Evolution: The Evolution Computer Desk is contemporary in style and function. The sleek bull-nose front edge combined with quality steel legs set a higher standard for computer desks. Can be ordered in 24" or 30" depths for optimal space requirements. The Evolution line is available with adjustable legs for ultimate height flexibility and also in a stand-up desk height for an ergonomic alternative.
(Available in 6 widths from 30" - 72")

36" Evolution stand-up Desk
(38930 CHB)

60" Evolution ADA Desk (electric adjust)
space for optional CPU sling outside table legs
(38937 CHB)

Evolution ADA: Spectrum's Liberty Desks are designed to meet Federal ADA requirements with features that also make for exceptional sit-to-stand desks. Flexibility and functionality are at a premium with height-adjustable work surfaces and exceptional cord management capabilities. The Liberty hand-adjust version features a retractable handle, while a whisper-quiet electric motor moves the electric-adjust version with the push of a button. Electric is programmable for preset heights.

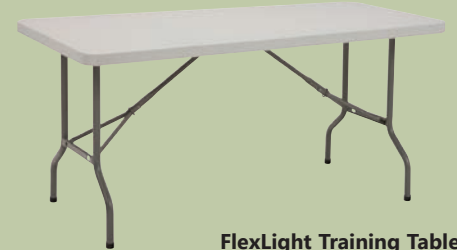

44" Evolution ADA Desk (hand adjust)
handle can retract under work surface
(38933 CHB)

60" Multi-use Student Desk
Perfect for laptop usage when combined with optional UL approved power/communications module. - 99028 (67067 CD)

Flex Nesting Table
72"W x 30"D work surface flips vertically, reducing the footprint for storage (nesting) 48"W, 60"W, and 72"W in 24"D also available. Adjustable legs are standard on all desks. (37315 CHB)

FlexLight Training Table
These affordable tables are built tough for everyday use and are easy to break down and store when not in use. Available sizes are 72"W and 60"W x 30"D, and 72"W x 18"D. (37402)

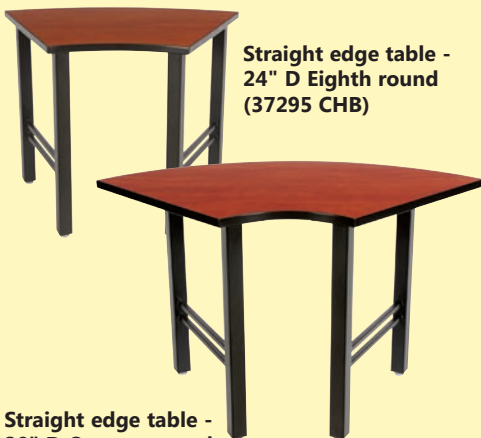

44" Liberty ADA Desk
hand adjust
(38792 KP)

CLASS Liberty ADA computer desks are designed with different styles and functions to match unique individual needs. Choose from a range of desks that have full height adjustment with the push of an electric button to one that is fixed at a standard wheelchair height. Electric is programmable for preset heights.

44" Liberty ADA Desk
electric adjust
(38790 KP)

Straight edge table - 24" D Eighth round
(37295 CHB)

Straight edge table - 30" D Quarter round
(37298 CHB)

Flex Training Table System: Flexibility is combined with Spectrum quality to provide a stylish table system that is easy to reconfigure. Constant classroom reconfigurations put a good deal of wear and tear on furniture, but Spectrum's Flex Training Tables are built to last. Available with adjustable glides or locking swivel casters for added mobility.

Table lengths are available in 48", 60", and 72" widths, and in depths of 24" and 30". When combined with round, half round, quarter round, or eighth round, your layouts are only limited by your imagination.

Flex Training Table System
small conference table configuration
-straight training table (2) (37275 CHB)
-half round (1) (37251 CHB)
-cord channel (2) (37254)
-modesty panel (2) (37257)
